### Select Download Format:

Parents often equate encouraging their children to read with making them read. But reading is a process, and it's one that should be encouraged in a way that makes it fun and engaging. The best way to do this is to provide your child with a variety of reading materials that interest them. This includes books, magazines, newspapers, and even digital content. Encouraging your child to read is a great way to help them develop a love of learning and a strong foundation for their future success.
